“Centuries of Newborn Experience, All Nearby, Welcome Your New Arrivals.”

We're the physicians at Hugh Chatham Memorial Hospital who look after the babies born here at The Birthplace. Together, we represent *centuries of experience* in newborn care, *all close to home*. And you know how important that can be during your baby's first important hours. It's why we and the staff dedicate ourselves to providing the highest quality care, with the latest technology and practices.

Through the Center's highly rated family-centered approach, we help you and your entire family feel informed, comfortable, safe, and as special as the precious new life you entrust to us.

Outstanding newborn care from nearby compassionate doctors and nurses.

It's another reason the HCMH Birthplace continues to earn high patient satisfaction scores. See for yourself why generations of families have welcomed their new arrivals right here in Elkin.

Darryl Rhyme, M.D.

Glenn Golaszewski, M.D.

Christopher Groner, M.D.

Wilson Griffin, III, M.D.
